Disposal and Recycling

All electronic devices have a limited lifespan and once it is reached they should be recycled. If disposed of incorrectly electronic waste materials are dangerous to our planet and to us.

Electrical and electronic waste should not be disposed of with household rubbish. Check with your council or go to recyclingnearyou.com.au for recycling services and drop-off points located near you.

Frequently Asked Questions.

Where do I install my WiFi Plug?

Your WiFi Plug can be installed on any AC power outlet in your home, for best results install on one of the recommended appliances that gets used frequently.

What's my plug's wireless range?

The Plugs use WiFi and Bluetooth to communicate and the range depends on the construction of your house. For best results it needs to be about 30-40m from where your WiFi router is installed and within about 10m (or 2 rooms apart) from where your sensors are installed.

Can I move my WiFi Plug after installation?

If you've installed the WiFi Plug somewhere it's not getting much use, you can simply move it to a new spot.
